

# THE MADYOON METHOD

---

CHRONIC VENOUS INSUFFICIENCY (CVI)

## AN ANSWER TO YOUR SWOLLEN AND PAINFUL LEGS

Circulatory problems in the legs can affect both men and women of all ages and can appear as spider veins, varicose veins and wounds that are difficult to heal. These conditions can be painful, debilitating and complicated, and may indicate a more serious condition known as chronic venous insufficiency.

Learn about the symptoms and treatment options available at Beverly Hills Vein & Cardiovascular Institute.

Payment options available. Call or visit us today.
